

Velg Training Membership

Velg Training is Australia's leading provider of Vocational Education and Training (VET) professional development and consulting services.

Our Vision is to *Educate, Inspire and Empower* the VET community by providing quality, flexible and innovative products and services - and the Velg Training Membership program is no exception.

Velg Training Membership supports your compliance with the national VET Standards. As a Member you have access to programs and resources that assist in the continued development of knowledge and practice of vocational training, learning and assessment.

Membership is available to all VET practitioners from private, public and enterprise training organisations as well as VET consultants. Velg Training prides itself on being a member serving organisation.

Membership logo & certificate

Displaying the Velg Training Membership Logo is an excellent way to demonstrate that you are a part of the Australian VET sector's peak member-serving organisation.

All Velg Training Members are provided with a Certificate of Membership. Individual Membership Certificates include the Individual Member's name, while Corporate Membership Certificates include the organisation's name.

Individual Membership: \$290 (incl. GST)

The named individual has access to the online Members Lounge, the weekly Member eNews and is eligible for discounts on Velg Training products and services, as outlined in Membership benefits.

Corporate Membership: \$990 (incl. GST)

Corporate Members have access to the same Membership benefits, but it is targeted at organisations with four or more staff. Corporate Members are entitled to an unlimited number of 'Sibling Accounts', which can be added at no additional charge.

For more information on the Terms and Conditions of Velg Training Membership, please visit velgtraining.com/membership.

Consulting Services

Velg Training's consulting services are now more diverse than ever, with a range of specialist services delivered by Vocational Education and Training (VET) industry experts who work with a variety of organisations across Australia.

Our VET consultants provide tailored advice and guidance on many areas of your organisation. Whether you are looking for a formal review of your documentation or an informal Q&A session, our VET consultants can provide support and advice to ensure your business is compliant with the requirements of the VET Standards, ESOS Framework, Government Funded Programs and much more.

RTO Set Up & Compliance

Thinking of setting up an RTO? Velg Training can guide you through the process of setting up an RTO from the beginning through to the final stage where your business is registered as an RTO. We take the headache out of establishing what is required, how to present the documents and the steps to follow for a successful application. Our VET consultants can provide tailored advice and guidance on key areas of compliance and development as well as review processes.

Internal Audit

Our Internal Audit service is a great way to ensure your organisation is meeting the requirements of the VET Standards. Our consultants will identify any non-compliances or areas for improvement prior to an external audit by the regulator or as part of a quality assurance process.

Training Product Review

A review of training products can be carried out via correspondence or face-to-face, allowing you to choose the option which best suits the needs of your staff and organisation. Our experienced and highly skilled VET consultants will prepare a report providing you with feedback and identifying rectifications. This review can then be used to provide input into your annual quality assurance processes.

Professional Development

Let Velg Training be part of your annual Professional Development (PD) plan! Through our Professional Development service, we can deliver a workshop at your premises, a webinar via an online platform or provide a Guest Speaker. Choose from any of our current workshops or webinars or have one tailored to suit your needs.
