## Customised PD Solutions

The VDC can design a Professional Development Program that meets your workforce development needs. We deliver customised programs that can be delivered in house for all VET providers. Our highly experienced consultants will work with you to design a program that identifies your organisation's workforce development needs and is delivered at a time and place that is convenient to your organisation.

## Executive, Leadership and Management Coaching

The VDC Executive, Leadership and Management Coaching Program contains an innovative mix of traditional leadership programs and leading edge neuro-leadership skill development programs.

The program has been developed for leaders and managers of organisations with a particular focus on pedagogy, professionalism and partnerships.

## Digital Consultancy Services

As technology continues to be more and more pervasive in the learning space it is essential that organisations ensure they have a well-documented and integrated digital strategy to support both business and educational outcomes. The VDC can assist your organisation in developing a digital learning strategy that aligns to its corporate/student/teacher requirements.

## Financial Services

The VDC provides advice to existing VET providers on its financial services as well as business requirements for setting up an RTO.
