Deleted fields

Training organisation (NAT00010) and Program (NAT00030) files

- 11 Classification fields that can be sourced from TGA no longer need to be recorded
- Can only contain training organisations or programs on TGA
 - If required to report non-TGA activity use substitute files

Substitute files

Training organisation (NAT00010A) and Program (NAT00030A) files

- The deleted 11 Classification fields are still required
- Substitute files (NAT00010A and NAT00030A) should be used when reporting training organisations or programs not on TGA
 - Can contain a mix of TGA listed and non-TGA listed activity
 - Can only be submitted to state or territory governments if accepted/required

Classification changes

Outcome identifier – national

85 - Not yet started:

- New classification code for reporting clients who have enrolled but not yet started
- Reporting this activity is not compulsory
- Not used in NCVER reporting or on USI transcripts

41 - Incomplete due to RTO closure:

- New classification code for RTOs who have closed down but still need to report unfinished training activity

Validation changes

Unique student identifier

- Tighter validation where a submission has large number of blanks
- The Australian Government national VET data policy encourages RTOs to obtain and report a USI for all eligible activity on enrolment

USI Unique
Student
Identifier

Enrolment form changes

Personal details

- Renamed Sex to *Gender*
- Added *Alternative email address*

Previous qualifications

- Clarification about overseas qualifications

Unique Student Identifier

- Optional section if applying for USIs for students

Disability

- New supplement for students when enrolling

Optional quarterly reporting

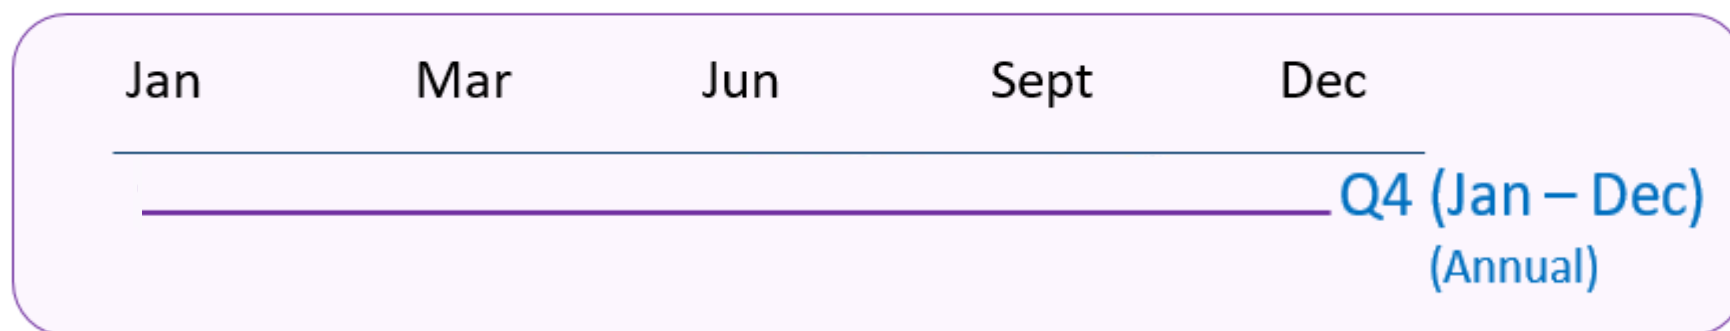

From 1 January 2018 RTOs can now submit quarterly data to NCVER

- RTOs in receipt of government funding must continue to report as per state requirements.
- Boards of studies will report VET in schools activity annually

Advantages

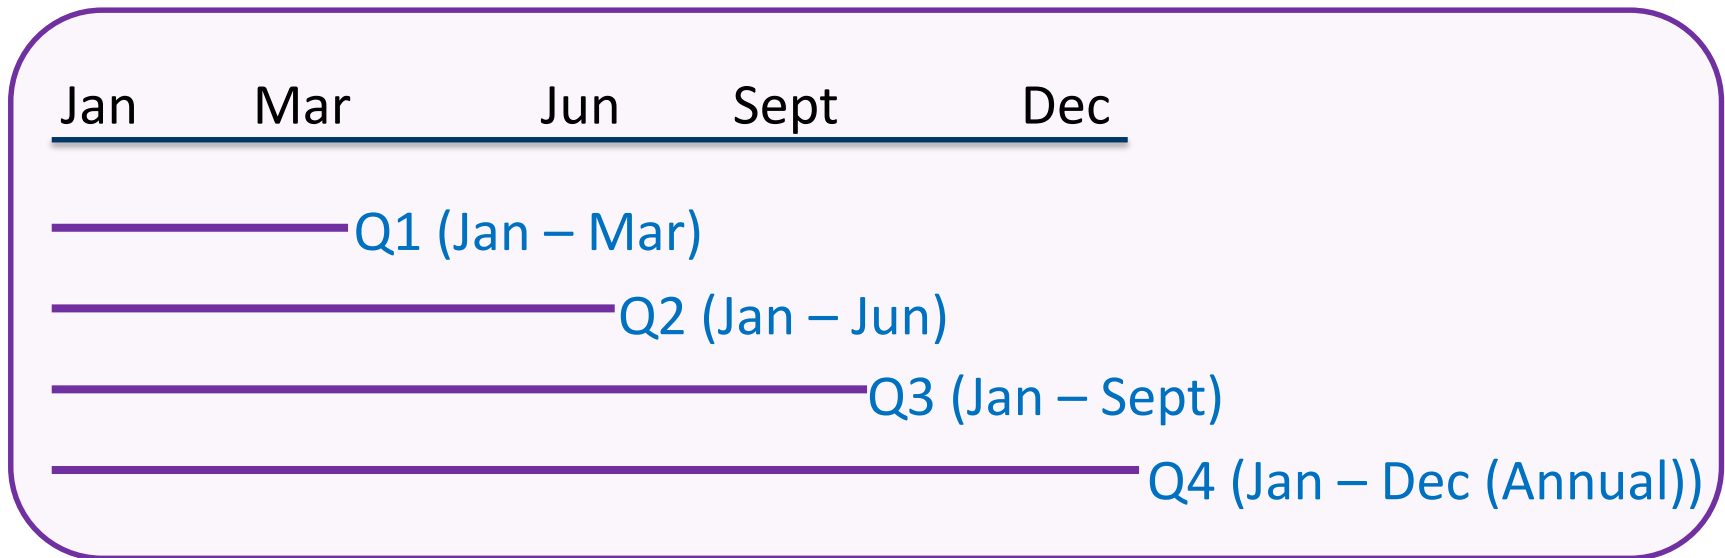

- Students will have their USI transcripts updated more frequently
- Submissions are cumulative which allows RTOs to add new data and make corrections to previously submitted data if needed

How do quarterly collections work?

- Each quarterly submission must contain the data from the previous quarter.
- If you submit to one quarter, you're not required to submit to the next, unless the next is the Jan-Dec quarter.

How do quarterly collections work?

- **All RTOs must** continue to submit to the annual collection from 1 January of the following year.
- See NCVER's **AVETMISS Quarterly reporting** fact sheet for more information.

Quarterly reporting submission dates:

Collection period	Collection opens	Collection closes	USI transcript updated no later than
January to March 2018	1 May 2018	15 May 2018	End May 2018
January to June 2018	1 August 2018	15 August 2018	End August 2018
January to September 2018	1 November 2018	15 November 2018	End November 2018
January to December 2018 (Annual)	2 January 2019	28 February 2019	Early May 2019
