# Housekeeping

## Open and hide your control panel

### Join audio:

- Choose “Computer audio” to use VoIP (audio over the Internet), **OR**
- Choose “Phone call” and dial in using the information provided

You can submit your questions and comments using the Questions Panel at any time.

The screenshot shows a GoToWebinar interface. At the top, there is a menu bar with 'File View Help' and a globe icon. Below the menu bar, there is a 'Questions' panel with a text input field containing '[Enter a question for staff]' and a 'Send' button. To the left of the 'Questions' panel is a vertical control panel with several icons: a microphone icon, a document icon, and a hand icon. A red box highlights the microphone icon, and a red arrow points from the text box 'Open and hide your control panel' to this icon. Another red box highlights the 'Questions' panel, and a red arrow points from the text box 'You can submit your questions and comments using the Questions Panel at any time.' to this panel. The bottom of the interface shows the text 'test web', 'Webinar ID: 533-677-243', and the GoToWebinar logo.

# Accessing and understanding data trends through visualisation

# Overview of the data

## International VET students

- A snapshot of total VET activity (TVA) information by domestic and international students and the delivery location of their training
- Up to six years of data about students, program enrolments, subject enrolments and completions
- Also includes completion rates and International onshore VET qualification completion outcomes.

## The Atlas of total VET

- A mapping resource which provides detailed TVA information by geographic region, from state or territory down to the statistical area level 2 (SA2) of the Australian Statistical Geography Standard (ASGS)
- Up to five years of data about students, program enrolments, subject enrolments and completions
- A focus on students that reside in Australia.

# Other products and services

## Databuilder

- Create data tables via an interactive web interface
- Fast and easy to use
- Aimed at all users including beginners
- [www.ncver.edu.au/research-and-statistics/data/databuilder](http://www.ncver.edu.au/research-and-statistics/data/databuilder)

## VOCSTATS

- Create data tables via an interactive web interface
- Customise fields to your requirements
- Aimed at users with a requirement for highly tailored outputs
- Free to use, registration required
- [www.ncver.edu.au/research-and-statistics/vocstats](http://www.ncver.edu.au/research-and-statistics/vocstats)

## Data on request

- De-identified unit record files (DURFs)
- Customised tables and data sets
- [www.ncver.edu.au/research-and-statistics/accessing-vet-data](http://www.ncver.edu.au/research-and-statistics/accessing-vet-data)
